**Research  
Awards**

- Research into Behavioral Attitudes and Religious Correlates in Canada.
- SCRUG - Human rights as a window for theological education/reflection and the combatting of religious intolerance; International travel and research: Development and the 1981 United Nations declaration; Religious liberty,

religious toleration and human rights; Interviews and writing of a manuscript on the religious denominations in Canada; Religion and human rights -Moscow and Japan; Realizing human rights: research for manuscript preparation.

- External to University Research competitions other awards have been received. Two research awards (competitive) have been made through Academic Relations Programs of the External Affairs and International Trade Canada, one being from the International Council for Canadian Studies, in support of project "to participate in a program of lectures, round-tables and other symposia in Russia in support of the development of Canadian Studies and in particular, on human rights developments in Canada."
- Research Grants (non-competitive) were received from the following in the 1990s: University of Essex; University of London; Prince Edward Island Government.
- A research project which was developed in 1990 for 1991 and following was submitted for a grant from the Social Sciences and Humanities Research Council of Canada. The grant application (for \$160,000) was not successful on fiscal grounds but received favourable peer reviews.
- As ILO I have been a leader in the development and presentation of international projects, e.g. the UPEI/Mexican linkage program in Veterinary Medicine (\$1.5 million) awarded by CIDA, and a consortium (\$5.1 million) with Dalhousie University as lead.
